Hello!

My name is Mikołaj. I know that your names are Precilla and Grace. I'm twelve years old, and I'm in the 5'th grade of Ekola school. I live in Poland in a big city - Wrocław. This is in Europe. My hobby is playing the guitar, computers, and I like planes. In winter I like skiing and snowboarding. Every winter weekend I go skiing to Karkonosze mountains with my parents. This year the winter was long and cold. Because Summer is coming in Poland, the weather is good now.

I have a grey small cat - Russian Blue cat. We call her Dusia. She has eyes in green color and is very nice. Have you got any pets?

In my school there are lots of tests, but I have there a lot of friends. Three months ago I changed school and I'm a new one in Ekola.

What about you? I'm waiting for your reply.
